Mr. J. W. Craft
United States Steel Corp.
600 Grant Street
P.O. Box 15230
Pittsburgh, Pa. 15230

Dear Mr. Craft:

Attached is a letter describing our steam cleaning service together with the price.

We are in the process of altering some of our equipment so that the Vac-A11 body is removable from the truck chassis enabling a crane to move the body to a remote area in the mill. There are many areas where it is not possible to get a truck and this is the only practical solution. We expect to have this equipment available in a few weeks.

Thanking you for your interest, we remain,

Very truly yours,

Liquid Engineering Corp.

David Head
